

As we recognize E-Discovery Day, we reflect on the events of the past year and the developments that have shaped our company and the industry.

**December 2, 2021**

**HaystackID unveiled HaystackID Discovery Intelligence**

"Discovery Intelligence offers a holistic approach to discovery challenges, letting users make faster decisions and complete complex tasks more efficiently."

**HAL BROOKS** | *Chief Executive Officer*

**February 1, 2022**

**The NLJ named ReviewRight Protect® to Legal Technology Trailblazers list**

"As cybersecurity challenges grow, so too does the need for sophisticated tools to meet them. We're proud that ReviewRight Protect has been recognized for taking a truly innovative approach to data-breach response."

**MICHAEL SARLO** | *Chief Innovation Officer and President of Global Investigations & Cyber Incident Response Services*

**March 1, 2022**

**HaystackID deepened partnership with the AI-powered eDiscovery leader Reveal**

"Our clients need to find data quickly, and Reveal's AI-powered tools help them do just that. Our deepened partnership with Reveal allows clients to harness the power of AI throughout the discovery process."

**HAL BROOKS** | *Chief Executive Officer*

**March 8, 2022**

**HaystackID launched HaystackID Core®**

"When companies use a patchwork of solutions to satisfy their eDiscovery needs, it puts a serious burden on them to maintain the quilt. HaystackID Core is a breakthrough because it brings a host of complementary offerings together in a single place."

**ANDREA WALLACK** | *President*

**April 21, 2022**

**Chris Wall quoted in Cybernews on retrieving sensitive digital data for legal investigations**

"Many of the emerging privacy laws around the world expect organizations to know what data they have, to know where it is physically stored, and be able to identify individuals' personal information in their possession."

**CHRISTOPHER WALL** | *Data Protection Officer and Special Counsel, Global Privacy and Forensics*

**April 25, 2022**

**John Wilson featured as subject of Security Magazine Q&A**

"As you hold more and different types of assets with your bank, the security challenges with them grow. It's much the same with informational assets in cyberspace. They are growing all the time, and in 2023 the threats to them will be greater than ever."

**JOHN WILSON** | *Chief Information Security Officer and President of Forensics*

**May 9, 2022**

**HaystackID announced 200% growth in RelativityOne client base over two quarters**

"Across all industries, companies want to move to the Cloud. And across all industries, they want to ease that move through world-class managed services. That's why we saw a 200% increase in clients and 700% increase in seats using RelativityOne."

**ADAM RUBINGER** | *Chief Client Experience Officer*

June 30, 2022

Chambers USA recognized HaystackID for excellence in litigation support for fourth straight year

"They really help their clients to think about cyber as a program and build a program that is put in place to mitigate risk and help manage incidents when they come."

EDISCOVERY CLIENT QUOTED IN CHAMBERS USA

August 1, 2022

HaystackID launched Global Advisory Practice

"The increasing importance of managed services is driven by a simple fact—technology services can often work better for organizations with the help of human expertise. We deliver that through our Global Advisory Practice, which consolidates our consulting functions."

ADAM RUBINGER | *Chief Client Experience Officer*

September 7, 2022

HaystackID acquired Business Intelligence Associates

"Our acquisition of BIA is our fifth major acquisition in four years. We're proud of that fact—not because of the pace of our M&A activity, but because of how significantly those deals have expanded our capabilities. With the addition of BIA, HaystackID is positioned strongly for future international growth."

HAL BROOKS | *Chief Executive Officer*

September 27, 2022

HaystackID completed SOC 2 Type 2 Audit

"We are dedicated to having industry-leading safeguards in place and are proud to participate in security certification programs like the SOC 2 Type 2 audit."

EVAN CRAGHEAD | *Chief Technology Officer*

October 12, 2022

HaystackID named a Representative E-Discovery Service Provider in Gartner's Market Guide for E-Discovery Solutions

"We are thrilled to be recognized as a Representative E-Discovery Service Provider by Gartner for HaystackID Core. Core is designed to be flexible and modular, letting clients navigate an increasingly complex data landscape on tighter deadlines."

ANDREA WALLACK | *President*

October 31, 2022

HaystackID recognized as a finalist in two categories of the Relativity Innovation Awards (Best Innovation: Solution Provider (nSight Search®) and Stellar Women (Anya Korolyov))

"I am privileged to help other women excel in the eDiscovery space and take pride in opening opportunities for them. I am lucky to be part of a company that supports my ambitious career goals and recognizes the need for diverse representation in the technology industry."

ANYA KOROLYOV | *Vice President of Cyber Incident Response and Custom Solutions*

November 21, 2022

Matthew Miller authored article on CFIUS in CPO Magazine

"CFIUS compliance may not have been a top-of-mind concern for enterprises over the last decade, but that's going to change in the next one."

MATTHEW MILLER | *Senior Vice President of Information Governance and Data Privacy*
