Global Managed Review

Powered by ReviewRight® from HaystackID®

HAYSTACK®

Summary

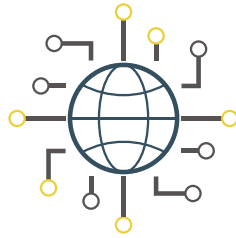

HaystackID® Global Managed Review services powered by ReviewRight® offer the most comprehensive solutions for selecting, staffing, and supporting complex, high-velocity legal document reviews.

Developed in 2011, ReviewRight is the company's proprietary AI-enabled technology for analyzing, matching, managing, and supporting clients and reviewers during data and legal discovery document reviews, regardless of the time, language, or location. With over 2,500 remote review matters and second requests completed globally and a network of more than 25,000 global attorneys within the ReviewRight platform, HaystackID provides the industry's most powerful global solution for managed review.

About HaystackID®

HaystackID is a specialized eDiscovery services firm that supports law firms and corporate legal departments and has increased its offerings and expanded with five acquisitions since 2018. Its core offerings now include Global Advisory, Discovery Intelligence, HaystackID Core™, and artificial intelligence-enhanced Global Managed Review services powered by ReviewRight®. The company has achieved ISO 27001 compliance and completed a SOC 2 Type 2 audit for all five trust principles for the second year in a row. Repeatedly recognized as a trusted service provider by prestigious publishers such as Chambers, Gartner, IDC, and The National Law Journal, HaystackID implements innovative cyber discovery services, enterprise solutions, and legal discovery offerings to leading companies across North America and Europe, all while providing best-in-class customer service and prioritizing security, privacy, and integrity. For more information about its suite of services, including programs and solutions for unique legal enterprise needs, please visit HaystackID.com.
